

NUMBER PASSING GAME

9 Players in this example but can be adopted.

Direction of the pass.

SPORTING INFLUENCE

Improving social skills through sport

HOW TO PLAY:

- This game can be played using a variety of different balls and equipment.
- Players are given a number that they must remember 1-9 in this example. They must pass in a sequence of numbers.
- Each player will need to know who they are receiving the ball from and who they are passing to.
- The aim is to move to different positions after they have made the pass and try not to stand still.

EQUIPMENT:

- Ball of your choice.
- Cones to mark out the area.

PROGRESSION:

- Change the size of the area.

DIFFERENTIATION:

- Add a second or even third ball and start different numbered players with the ball. Add a defender who could try intercept the ball.
