SAFEGUARDING UPDATED FROM NYCC

---

For your information there has been recent intelligence shared that there is a gaming app called Cunch-Line Chronicles based on County lines.

**County Lines** is where illegal drugs are transported from one area to another, often across police and local authority **boundaries** (although not exclusively), usually by children or vulnerable people who are coerced into it by gangs. The '**County Line**' is the mobile phone **line** used to take the orders of drugs.

The gamer becomes a person involved with a County line. The game is reported to have a chat facility and describes itself as "A light-hearted satirical take on the darker side of urban UK culture!"

Please continue to check anything your child is using, including settings and privacy for Apps and games.

Please contact school if you have any concerns about anything online.

Kind regards
