Teacher Tips

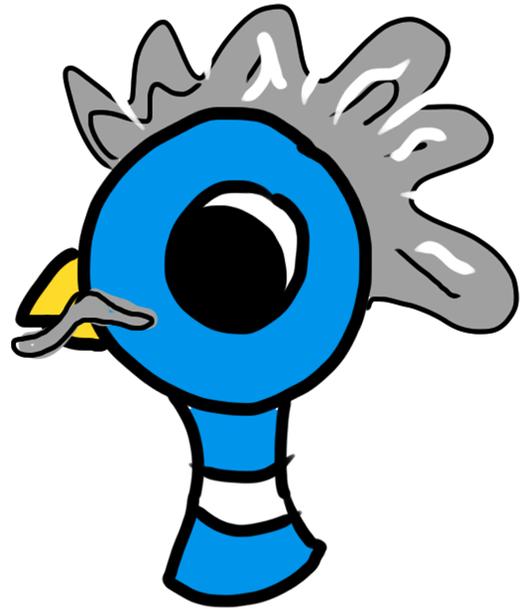

- After our invention and inventors unit I had my K/1 Gifted class write Pigeon Inventor Books and they had so much fun!
- I used the ideas on the next page to get the kids ideas going. I had the kids choose between writing a “The Pigeon Wants to meet...” book or “The Pigeon Wants to Invent...”
- We brainstormed on chart paper some possible ideas.
- They then went to their seat, brainstormed and created story maps.
- Once their story map was approved they got to writing their books! Some examples are on the next pages.
