

# SPORTING INFLUENCE

Improving Social Skills Through Sport

PE @ Sicklinghall & Goldsborough CE Primary School

## PE With Mr Atkinson

This half term Sporting Influence have been delivering a variety of sports and games across the whole of KS1 and 2.

In the first half term KS1 took part In multi-skills sessions focusing on throwing, catching and movement skills; the KS2 pupils have been working on their social skills focusing on a multi-sport unit. This involved games such as dodgeball and benchball, with a little bit circuit training. During the second half term KS1 have been focusing their learning on themed lessons, with lessons based around going into space and dinosaurs. KS2 pupils moved onto football, where their learning has focused on passing dribbling and turns. It has been great seeing them display their learning in small sided games.

Fantastic resilience has been shown throughout both schools, getting outside and braving the inclement weather. Pupils have shown very good determination to make the most of their PE lessons with me. Well done and Keep up the hard work.

## Next Half Term

After the Christmas break KS1 pupils will be continuing with themed lessons and KS2 will be moving on to Rugby.
